Saba Realty-What we do

- *We represent both buyers and sellers in all kinds of property transactions. We have a thorough understanding of our markets, and we learn all we can about our clients, to make their experience as beneficial as possible. We handle both residential and commercial activity--sales as well as leasing. We also represent customers in land and lots acquisition. We are a full service real estate brokerage with integrity, focus, and knowledge.*

Saba Realty-How We Do It-Buyers

For Buyers of Real Property we set out to find the perfect property for your specific need, including lender owned. Whether it is a home, building, land, or investment, we will research the market and find the right purchase opportunities. We always strive to get our clients the best property for the lowest price. We view your purchase as if we were buying it for ourselves.

Saba Realty-How We Do It-Sellers

- *We represent Owners of Real Estate when they want to sell or lease their property.*

We market the property through the Arizona Regional Multiple Listing Service which exposes the property to all other member brokers. We also use a variety of other advertising mediums including our own website Sabarealty.net. First, and foremost is our desire to get the most money realized in the quickest timeframe for our clients. Our goal is your satisfaction, and a long term continuing relationship, as friends, as well as clients. To that end, we are committed.

Saba Realty-Where We Do It

- ❑ *Saba Realty is based in Chandler, and we represent clients throughout Arizona. However, our area of primary importance is the Phoenix East Valley. We specialize in all kinds of property, but are most well known for luxury homes, land, commercial buildings, and suites. Whatever the transaction or interest, being in business over 32 years, has given us the experience and capability to be successful, where others are just starting, or inexperienced with the market area and dynamics. Saba Realty is your competitive advantage!*
- ❑ *A long list of satisfied clients and friends is available for your review.*
